

Ontario Christian Middle School Test Results

All fourth, sixth and eighth grade students take the Iowa Test of Basic Skills. This test compares our students with their contemporaries nationally in basic academic skills. Over the years, our students on the average have scored at least a grade equivalent ahead of the national average – and in many cases 2+ years ahead.

Since 1990, the eighth grade class is tested in the areas of Reading = Vocabulary and Comprehension (R), Language = Spelling, Capitalization, Punctuation, Usage and Expression, Mathematics (M), Social Studies – since 1998 (SS), and Science – since 1998 (SC). The national grade equivalent average would be 8.1 (eighth grade, first month). The following are OCS's eighth grade test results in grade equivalent scores:
